## Jobs West First Work Experience Placement

Jobs West recently negotiated our very first Work Experience Placement.

Bob Jane T Marts agreed to a placement for Scott Booker. Scott will be working at the Water Gardens store for eight weeks whilst on the placement.

At present Jobs West has currently four Job Seekers in a Work Experience Placement in various industries, which are: Retail Hospitality and Plumbing.

### **Federal Government Work Experience Placement Pro-**

The Work Experience Placement programme will meet the cost of work-related insurance (personal accident and public liability insurance) for eligible job seekers to help overcome one of the main problems when organising work experience.

There are many benefits of work experience for your business and for job seekers. You have the chance to try somebody out before hiring them, and they have an opportunity to gain experience and learn new skills. Source: [www.jobaccess.gov.au](http://www.jobaccess.gov.au) Feb 07

## **Is Your Business Looking For New Staff?**

As an employer, a major concern when recruiting staff is getting the right person for the job. Sometimes the right person will be someone with a disability.

Australia's workforce is ageing and in the next five years, *Workforce Tomorrow* research predicts there will be a labour shortage of around 195,000 people, which will impact on all major industries and occupations.

As an employer, you can begin to address this issue today, by taking advantage of Australia's untapped workforce — which includes people with a disability. They have the capacity to work and they want to find a job. Source: [www.jobaccess.gov.au](http://www.jobaccess.gov.au) Feb 07

**Jobs West can assist your business by:**

- Helping to match Job Seeker skills to your job requirements
- Support provided to you and new Employees with a disability
- Help to access other incentives and wage subsidies
